COPYLEFT NOTICE

PUNC is increasingly made up of stuff I have
ripped off from other people. If anything you
see here tickles your fancy, feel free to
scan, re-use & reprint it in your zine.
& if you don't have a zine, why not start one!

IN MEMORIAM:

GARY FLOYD (DICKS)
1952-2024
"KILL FROM THE HEART"

WHY DO I WRITE THIS ZINE?

WARNING: THIS PAGE CONTAINS HAZARDOUS AMOUNTS OF IRRELEVANT PERSONAL INFORMATION

I keep asking myself that question. There are new Irish punk zines like **Notions & Shitehawk** now, & I need to come up with a stronger reason to do this than "nobody else is". I'm sure you, the reader, don't really give a fuck - skip to the next page to bypass the dreary manifesto shit....

I think I really started **PUNC** to archive, document & reflect on Ireland's punk past (as well as what I could find of its punk present). I had long loved punk, but I had only just learned that there was Irish punk worthy of the name like **Nun Attax**, & I wanted everyone to know.

Nun Attax broke up in about 1982. Every first-wave punk zine after **Sniffin' Glue** was born of a desire to participate in a living, growing movement, to document a fast-arriving future. *This* zine was born with a foot in the grave. Yuck! I can only blame myself. I came to punk through documentaries & blogs, not real life experience or desire.

Touching from a distance....

There are many young people like me who look backwards more than they look forwards. Why? There are a million reasons, many benign. I think though that many people in my generation cannot imagine a future: what little we can predict of the future doesn't bear thinking about.

The planet is on track for 3 degrees of warming, which guarantees genocide. All attempts at reform or resistance to climate collapse have so far failed: all attempts to prevent the murder of thousands of people in Gaza have so far failed. So we retreat into a safer past rather than try to face the appalling present.

Punk really was politically dangerous once. I want to believe that there are new strategies that can disrupt the death system, new tactics, new cultures. I haven't seen evidence of them, but we desperately need them. Maybe they're out there, just as punk was out there in 1976, just as **Get That Monster Off The Stage** was there for me in 2019.

Are my words wasted? Is my outlook hopelessly out of date?

Despite the death culture that enshrouds it, punk has been a source of hope for crazy mad fucked up loser kids the world over. That was me, a heartbroken & slightly crazy 14-year-old dancing to **Action Time Vision** in my bedroom in New York & feeling that goodbad sensation for the first time. A good punk song is kind of like a friendlier version of a panic attack, I think.

In the 70s & 80s, punk was what finally allowed a lot of real hardcore social rejects & nasty bastards like Lou Reed to have a future, to redeem their pain, to make a positive social contribution (although you are not Lou Reed, & if you ever talk to your girlfriend like that in front of me again I will kill you). The beautiful thing about punk, the sacred thing, is that it can turn negative & disgusting & painful & just plain BORING things into positive energy.

So that's what this zine is really about, it just took us a while to get there. Turning shit into gold.

Shout out the truth they'd like to hide....

NEWS & VIEWS & UNSUBSTANTIATED RUMOURS.....

"WELL, THAT'S WHAT I HEARD, ANYWAY...."

SHAMELESS SELF PROMOTION, PART ONE: An article by yours truly, **DJ MAL**, will appear in the new issue of **SHITEHAWK** fanzine (#2). The subject is community radio & how to do it. If you want to know, get in touch with the **SHITEHAWK** editorial team for your copy.

SHAMELESS SELF PROMOTION, PART TWO: **PUNC**'s editorial position is that Palestine will be free. **PUNC** has signed up as a member of **PUNKS AGAINST APARTHEID**. You can view my joining statement on instagram (@punksagainstapartheid).

SHAMELESS SPIT PROMOTION: Last year, **PUNC** created a petition to **Put SPIT on RTÉ** (that's the Drogheda no wavers, not any of the 20+ other bands called Spit). If you support this endeavour, please go to <https://my.uplift.ie/p/spitonrte> & sign the petition.
NOTE: The members of SPIT have not been consulted on this. We're putting them on RTÉ whether they like it or not.

DATES FOR YOUR DIARY:

The first Monday in January is **Divorce Day**. This year, it's **January 6th** (also Nollag na mBan).

January 13th is the 23rd anniversary of that time George W. Bush choked on a pretzel (commemorated by the **Radiators From Space** with their song "A Package From Home").

The last Sunday in January is **World Leprosy Day**. This year, it's **January 26th**. The 26th is also **Australia Day**, also known as **Invasion Day**, **Survival Day**, or the **National Day of Mourning**.

January 30th is the anniversary of **Bloody Sunday**.

January 31st is the birthday of both **Derek Jarman** and **Fat Mike**.

IRISH LIFE BUILDING

There are a number of raised flower beds outside the **IRISH LIFE** building on Abbey Street in Dublin. The beds have thick edges, wide enough to sit on. Recently, metal spikes have been stuck to the beds to prevent people from sitting on them. **IRISH LIFE**, or whoever manages the **IRISH LIFE** building: **YOU DIRTBAGS!** What a petty, cruel & mean thing to do! Now the many, many people who wait for buses on Abbey Street (including **PUNC's** editor) have nowhere to sit except for a small, narrow bench. In **PUNC's** opinion, this is an anti-social & anti-homeless move & must be publicly shamed.

JAMIE MCGLUE

PUNC's home constituency is Dublin Bay North, & during 2024's damp squib election voters were subjected to leaflets from a number of headbanger far-right candidates. One of them was **JAMIE MCGLUE** ("Let's Stick Together"), who ran on a platform of stopping all the immigration & getting trans people out of the schools (after abolishing all taxes, even the TV license). So far, so typical. However, a quick féach at McGlue's website revealed that *he grew up in Australia*, because *his parents emigrated there in the 1980s*. **MCGLUE: YOU HYPOCRITICAL DIRTBAG!** I'm glad you only got 252 votes!

BONO

What can I even say? The last time Bono was mentioned here, I told him that "it's not too late". Well, it's too late now! Bono has spent the last year being very, very quiet about Gaza, until he wrote a little article for the Atlantic about the medal he picked up from Genocide Joe. What does he say about Gaza? Any mention of **BDS**, the **ICJ**, or the **Occupied Territories Bill**? No fear!

"Freedom must come for the Israeli hostages, whose kidnapping by Hamas ignited this latest cataclysm. Freedom must come for the Palestinian people. It does not take a prophet to predict Israel will never be free until Palestine is free. Freedom is complex and demanding."

Bono is a pox. Bono is a reminder to all politically engaged activist types that you can be persuaded into committing spiritual suicide, & even convince yourself that it's the smart, pragmatic thing to do. Bono is a lifetime, world-historic **dirtdbag**.

IMMIGRATION**

Since Palestine Action launched in July 2020, we have cost Israel's largest arms firm tens of millions in losses. We have shut down two of their ten sites in Britain. Over 250 activists have been arrested. Importantly, people have been joining our direct action movement by the hour in a united and dedicated front to #ShutElbitDown.

Palestine Action need your support to keep the battle going against Israel's arms trade, the British state and the courts.

I want a dyke for president. I want a person with aids for president and I want a fag for vice president and I want someone with no health insurance and I want someone who grew up in a place where the earth is so saturated with toxic waste that they didn't have a choice about getting leukemia. I want a president that had an abortion at sixteen and I want a candidate who isn't the lesser of two evils and I want a president who lost their last lover to aids, who still sees that in their eyes every time they lay down to rest, who held their lover in their arms and knew they were dying. I want a president with no airconditioning, a president who has stood on line at the clinic, at the dmV, at the welfare office and has been unemployed and layed off and sexually harrassed and gaybashed and deported. I want someone who has spent the night in the tombs and had a cross burned on their lawn and survived rape. I want someone who has been in love and been hurt, who respects sex, who has made mistakes and learned from them. I want a Black woman for president. I want someone with bad teeth ~~and an attitude~~, someone who has eaten ~~that nasty~~ hospital food, someone who crossdresses and has done drugs and been in therapy. I want someone who has committed civil disobedience. And I want to know why this isn't possible. I want to know why we started learning somewhere down the line that a president is always a clown: always a john and never a hooker. Always a boss and never a worker, always a liar, always a thief and never caught.

(Zoe Leonard, 1992)

2025 TRENDS PREDICTIONS

- * Most things will continue to get worse
- * Everybody will start thinking about becoming a Quaker
- * The "new no wave" trend will be over before it's begun (I blame Skinner)
- * Every member of Fontaines DC will be afflicted by a mysterious skin rash
- * 20-40% of Dublin punks will become skinheads or skinhead punks
- * Top scientists will prove that the mysterious skin rash that afflicts Fontaines DC was caused by wearing too much pleather
- * Inhaler will be unmasked as an elaborate tax avoidance scheme disguised as a band
- * Being a punk will continue to be embarrassing, but also the least worst option of all the options

PUNK GOES TO THE MOVIES

CATEGORY IS: NEW YORK

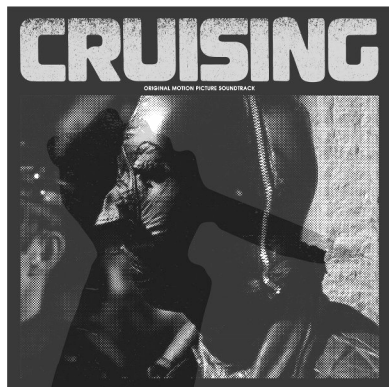

BORN IN FLAMES

You have to see this!

BORN IN FLAMES blew up my tired assumption that a feminist film would be boring or dry. Made for no money with an amateur cast, BORN IN FLAMES begins with the impossible (a socialist revolution in the USA) then launches forward into WHAT HAPPENS NEXT.

Terrorism! Revolution! Lesbians on bicycles!

You *will* be entertained!

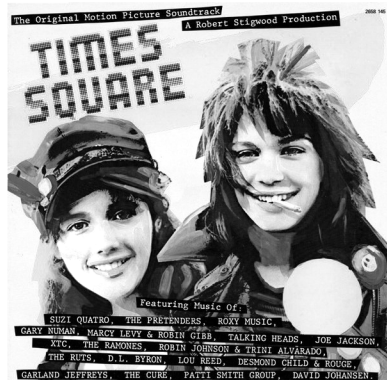

CRUISING

This is a weird & really quite bad movie despite some interesting ideas. I would describe it as gay but homophobic. If you ever wanted to see Al Pacino huffing poppers (and who doesn't?) then this is the movie for you. Don't try & borrow the DVD from the UCD library though because I still haven't returned it yet.

TIMES SQUARE

This film is not very good but it doesn't really matter as it's so unique & unlikely. This is primo trash cinema & a love story about two girls who run away from hospital together & try to survive on the streets of New York. The racial politics are disappointing. Tim Curry steals the show as cracked punk DJ Johnny LaGuardia (kind of a New York Joe Duffy).

ANOTHER DAY ON EARTH AND IT LOOKS LIKE **TROUBLE**, PILGRIM....

In 2006 the **Radiators From Space** released an album called **Trouble Pilgrim** which was way better than a reunion album had any right to be. There are issues (I could have done without the weird orientalism) but every song was stuffed with hooks & killer lyrics. It is a **REAL SHAME** that this album is basically unavailable on any streaming service. Get the CD if you see it!

TOP 5 KILLER LYRICS FROM **TROUBLE PILGRIM**:

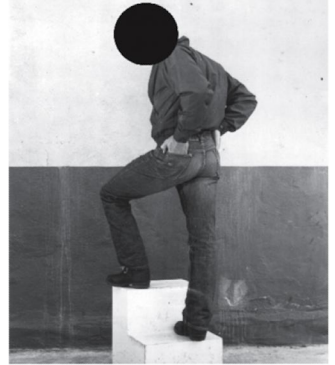

5 "When we've drug the devil through this vale of tears, We'll tie the devil up for a 1000 years, gagged & bound for a thousand years. We got you surrounded...gagged & bounded..." (*Hinterland*)

4 "Heaven is a place where all that longing gets taken away; I swear on Marie Curie's burning hands that I'll make it there some day..." (*Trouble Pilgrim*)

3 "Come on over to my place & I will try. To tell you how I feel about the things I can't deny. You've done nothing wrong, but when I see her, I'm in...." (*Heaven*)

2 "That's fighting talk where I come from, where every tyrant was defied, & every Coombe will have its pride..." (*Huguenot*)

1 "Shine on, prairie moon, light up this lonely sky - we found ourselves a pretty angel we had to crucify, and on his face is the rusty track of the very last tear he cried..." (*Hinterland*)

PUNKS AGAINST APARTHEID POINTS OF UNITY

(from punksagainstapartheid.noblogs.org)

In whatever our capacity as artists and musicians, we pledge to respect the 2005 call for **Boycott, Divestment, & Sanctions** (BDS) against the state of Israel, & hereby endorse the following points of unity:

We, Punks Against Apartheid, exist to foment greater solidarity between the global punk community & the struggle for Palestinian liberation.

We honor the call for **Boycott, Divestment, and Sanctions** (BDS) in its entirety. We will not play concerts or speak at events in Israel or in any other country that are in violation of Palestinian civil society's call for cultural boycott.

We will not perform, exhibit or otherwise participate in events which deceptively suggest symmetry or shared responsibility between "both sides" for Israel's ongoing colonial oppression of the Palestinian people & its system of apartheid.

We seek, wherever possible, to use our art, music & expression to both educate the wider public & provide real, meaningful solidarity to the cause of Palestinian liberation. This includes (but is not limited to) uplifting the three main demands of the original BDS call, the *thawabit*, & further demands that may emerge from Palestinian civil and political consensus.

We do not prescribe what Palestinian liberation will look like. We nonetheless uphold the Palestinian peoples' inalienable right to self-determination & resistance as enshrined in international law.

We pledge to uphold the cultural boycott of the Israeli state until Palestinian liberation has been secured & the **BDS** movement is asked to stand down.
